

EQUINE ZONE VISITS

We now offer a Zone Visit scheme for routine equine work at a greatly reduced visit fee of just £15.00

This map shows the 3 zone areas:

Red Area: Tuesday visits

Green Area: Wednesday visits

Blue Area: Thursday visits

Please see overleaf for more information and for our terms and conditions.

Zone Visit Terms and Conditions:

Services available on a zone visit include:

- General health checks
- Vaccinations
- Passports, sketches and microchips
- Dentals

- X-Rays
- Lameness examinations

Reduced visit fees are only available on the day we are visiting your zone (please see map overleaf – your horse must be located within the appropriate zone to qualify for the reduced visit fee).

The visit charge will be £15

An extra 10% discount still applies if the full price is paid on the day.

Zone visits are for routine work only as stated in the services above (please contact reception for further information).

Zone visits must be booked before 1pm the day before the date of the visit.

You are unable to request a specific vet or time for your visit, but notice will be given of when our vet expects to be with you.

Please book your visit early as the number of visits per day is limited.

Emergencies are excluded from the zone visits and are still seen at any time.

In addition to our Zone Visit scheme, remember our regular Equine Services include:

- Routine health checks
- Vaccinations against Flu and Tetanus
- Routine dentistry
- Castrations
- Two and five stage vettings
- Lameness work ups which can include x-rays, either at your home or at the practice, plus nerve blocks
- Hospitalisation facilities available at the McMurtry and Harding branch in Ashbourne
- Out of hours covered by our own veterinary team 24/7

And don't forget any payment made on the same day as the visit will receive an extra 10% discount.

Please give us a call to
arrange your visit on:
